

AIR RYDE

SKID STEER

BUILT FOR THE MOST SEVERE TERRAINS

A solid Skid-Steer tire built with natural rubber formulation and aperture sidewall design, providing the softest cushion ride. AIR RYDE tires are engineered specifically to handle the extreme lateral forces of skid-steer machines.

Aperture
sidewall design

Soft
cushion ride

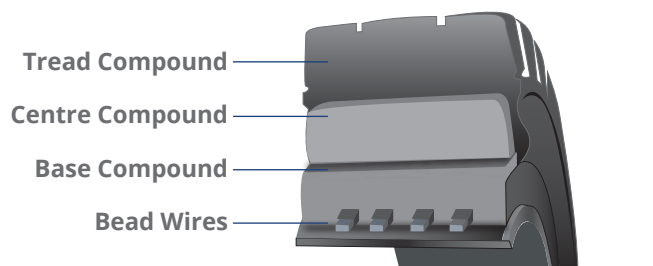

Quick
and easy installation

Advanced
traction with self-cleaning lugs

AIR RYDE is ideal for....

The tire is designed and built to operate in all terrains and challenging conditions;

- Scrap yards
- Trash transfer facilities
- Demolition areas
- Recycling stations of glass, steel, paper, plastic, etc.

...rugged terrains and demanding situations.

Our deep lug, R-4 tread design provides the most advanced traction with self-cleaning lugs built for the toughest of terrain applications. AIR RYDE is designed for quick and easy installation and is available in standard as well as clip-type tires for all Skid-Steer equipment.

AIR RYDE

31x10-20	7.50-20	236	777	9.3	30.6	8886	6835	4030	3100
33x12-20	7.50-20	287	828	11.3	32.6	11466	8820	5200	4000

LIMITED WARRANTY

All tires manufactured by Global Rubber Industries (Pvt) Ltd. are covered under limited warranty against materials, workmanship and any other manufacturing defects subjected to the usage of these tires under specified conditions. If any tire covered by this warranty is identified as unserviceable tire due to a material / workmanship /any other manufacturing defect, we will either repair the tire or make an allowance on purchase of new tire as per the current price of a new tire by the percentage of original tread worn off at the time of making the claim.

The cost of transportation, service, and sales tax already paid will be borne by the owner of the claimed tire. This limited warranty is made for the exclusive benefit of the tire owner actually using the product. No other warranty of liability, expressed or implied, is applicable to this limited warranty or to our products.
